

HERE'S MORE ABOUT WHAT PEOPLE HAVE SAID

- ◆ It covers so much. It's more than I imagined it would be. I will revisit it again and again.
- ◆ Content is thorough, significant and meaningful. It's practical. I've now got the tools to make the shift. It offers another way of handling situations.
- ◆ It's not someone telling you what your soul's journey is, but that this is the way to find it. It challenges you to live it. Then you have to tap into it and claim your power.
- ◆ Complex issues have been put so simply. Now I can see what I haven't understood before. Provides a broader perspective.
- ◆ It makes sense. It's like I already know it deep down, like I've got the knowledge within and you're drawing it out of me.
- ◆ A beautiful feeling of love, unity and presence.
